A B O U T U S

Since our inception in 2019, we have been redefining functionality and design for synthesizer, gaming, and DJ enthusiasts. Our mission is to provide stands that combine practicality with unparalleled craftsmanship. Our stands are the pinnacle of stability and sophistication. Crafted with precision, they feature a sleek, black design that not only adds aesthetic value, but also optimizes space efficiency and promotes an organized and elegant environment. Our commitment to quality is evident in our selection of premium materials and adherence to the highest German manufacturing standards.

Assembly of Black Panther stands is straightforward, supported by detailed instructions in English and German. This user-friendly approach ensures a seamless setup experience regardless of technical expertise. Customization is at the heart of our offering. We offer a versatile range of accessories, including table tops, shelves, speaker mounts, and device trays, to meet different needs and ensure that our stands integrate seamlessly with any keyboard stand or studio setup. Safety and reliability are paramount in our design ethos.

Our stands are designed to support even the heaviest equipment without compromise, ensuring your gear is always secure. Proudly a division of Mott Mobile Systeme, based in Tauberbischofsheim, Germany, Black Panther embodies the excellence of 'Made in Germany'. This partnership leverages Mott Mobile Systeme's extensive experience in manufacturing stage elements, ensuring that each product not only meets, but exceeds standards of quality and durability.

ADVANTAGES

WHY BLACKPANTHERSYSTEM?

Black Panther System offers innovative, modular stands for musicians and DJs that emphasize stability, design, and versatility. Made with quality materials and German engineering, their products offer a practical, uncluttered setup. The system is easy to assemble, customizable, and can safely support heavy equipment, making it ideal for both stage and studio setups.

NEW ADD-ON | OUR MICROPHONE HOLDER IN THE SPOTLIGHT

For singer-songwriters and keyboardists who sing on stage, the hassle of lugging around multiple stands and heavy gear is well known. The Black Panther Mic Extension simplifies this by allowing you to attach your mic directly to your Black Panther system. Its adjustable angle ensures the perfect mic positioning for fantastic vocals, tailored to your needs.

O U R T E A M

JÜRGEN JUNKER | CEO BLACK PANTHER & MOTT MOBILE SYSTEME GMBH & CO KG

In 2019, Jürgen, the visionary CEO of Black Panther, seamlessly integrated the brand into Mott Mobile Systeme GmbH & Co KG, a renowned German stage manufacturer established in 1920. His approach focuses on sustainable production and nurturing global business relationships. Jürgen is actively involved in international expos, representing the brand at the Black Panther booth and embracing opportunities for networking. His leadership philosophy is centered around a culture of collaboration and integrity, guided by the motto: "Together, with each other, for each other, strong and honest."
